1.1.1. LEVEL 3

1.1.1.1. LEVEL 4

1.1.1.1.1 LEVEL 5

1.1.1.1.1.1 level 6

Level 6 and higher are not supported in the custom syntax. They will still work, but will have the default styling.

1.2. TEXT EXAMPLE

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magnam aliquam quaerat voluptatem. Ut enim aeque doleamus animo, cum corpore dolemus, fieri tamen permagna accessio potest, si aliquod aeternum et infinitum impendere malum nobis opinemur. Quod idem licet transferre in voluptatem, ut postea variari voluptas distinguique possit, augeri amplificarique non possit. At etiam Athenis, ut e patre audiebam facete et urbane Stoicos irridente, statua est in quo a nobis philosophia defensa et collaudata est, cum id, quod maxime placeat, facere possimus, omnis voluptas assumenda est, omnis dolor repellendus. Temporibus autem quibusdam et.

DRAFT-

There is currently a package in developement that will allow for better code blocks. Until then, the code blocks will be rather plain and not very pretty.

1.4. CITATIONS

This is a citation [1].

1.5. TODO

- DRAFT -

This is a DRAFT / TODO box. This box can be used to indicate that (part of) the document is not finished yet.

Keep in mind this box is not breakable, so it will not be split over multiple pages.
